

Registration Confirmation

Registration will be confirmed by email.

Speakers & Sessions

The speakers listed on this website are leading professionals in their respective fields. Should a speaker be unable to attend the conference, all efforts will be made to replace him or her with one of comparable experience and qualifications. We are constantly working on improving the quality of our conference products. If the opportunity arises we may, at our discretion, add conference sessions and workshops to the posted line-up to enhance the schedule.

Sponsors

Attendees may visit a sponsor's virtual "booth" for more information on their offerings. When you visit a virtual booth, your information may be shared with the sponsor based on preferences in your virtual profile. You may change this preference at any time within your profile during the event.

Photo Release & Privacy Information

From time to time Confluent may choose to photograph and record certain portions of the conference and may capture conference participants. Confluent may choose such photographs and recordings in our promotional materials. By virtue of your attendance at Kafka Summit, you consent to Confluent's use of your likeness in such materials and you hereby waive "moral rights" in such photos, recordings or other digital content. You agree that any personal data you provide us will be handled in accordance with this Registration Policy and our Privacy Policy.

And More...

While children under 18 years of age are not permitted to enter or attend any of the conferences, we recognize the difficulties presented by the COVID-19 pandemic for our virtual participants living in households with children. If you are concerned of any children or other household members being accidentally photographed or recorded, during a session, please make sure to turn off the camera(s) on your computer or take other reasonable measures so they are not accidentally photographed or recorded during any instances that you intend to have your camera on. You may not record any sessions or sessions at Kafka Summit without prior approval from Confluent.
